

**Circuit de
Barcelona
CATALUNYA**

SUSTAINABILITY POLICY

The management of **CIRCUIT DE BARCELONA-CATALUNYA**, a company dedicated to the organisation of sports events and the rental of its facilities, publicly declares its firm commitment to sustainability in the global management strategy of its activities, which have worldwide impact, with the aim of providing environmental, social and economic value to its surroundings, in harmony with the Sustainable Development Goals.

We impose ourselves environmental protection according to COP21 in our activity, giving priority to efficiency and the progressive and continuous reduction of environmental impacts, based on the best technology available and economically feasible in order to achieve constant improvement.

CIRCUIT DE BARCELONA-CATALUNYA undertakes to comply with the regulations, as well as with other requisites applicable to the sector, and to exceed the demands whenever possible.

The following principles of action have been defined within the framework of the Environmental Management System:

- ❖ To promote a sustainable mobility encouraging the use of public transport, electric vehicles and the bicycle.
- ❖ To promote biodiversity, up keeping green areas and native plant species.
- ❖ To manage the external impact of noise according to the specifications of the Sports Federations.

And to continuously work on:

- ❖ Promoting a responsible consumption of resources and renewable energy sources, looking for synergies with providers and service companies.
- ❖ Encouraging Zero Residues and promoting circular economy by means of the valuation of generated residues.
- ❖ Boosting communication and staff training in order to promote responsible behaviour.
- ❖ Promoting awareness raising actions with stakeholders in order to add sustainability values among all of us.

This Sustainability Policy and the achievement of the established goals will be reviewed periodically.

We ask you for your collaboration to be successful in this commitment to sustainability.

Joan Fontserè
