

SUSTAINABILITY POLICY

The management of **CIRCUIT DE BARCELONA-CATALUNYA**, a company dedicated to the organisation of sports events and the rental of its facilities, publicly declares its firm commitment to sustainability in the global strategy of its activities and in the organisation of competitions, which have worldwide impact, with the aim of providing environmental, social and economic value to its surroundings, as a legacy based on the Statement of Purposes and Values, which are in harmony with the Sustainable Development Goals.

We impose on ourselves a sustainable development, ensuring the well-being of people, with ethics, and preserving the environment according to COP21, giving priority to efficiency and the progressive and continuous reduction of impacts, based on the best available and economically feasible technology in order to achieve a constant general and specific improvement in certified competitions, considering their management cycle from their conception to the post-event period.

CIRCUIT DE BARCELONA-CATALUNYA undertakes to comply with the regulations, as well as with other requirements applicable to the sector and those which are specific to the organisation of the supply chain of certified competitions, and to exceed the demands whenever possible.

The following principles of action have been defined within the framework of the ISO 14001 and ISO 20121 Environmental Management System:

- ❖ To promote a sustainable mobility encouraging the use of public transport, electric vehicles and the bicycle.
- ❖ To promote biodiversity, by means of a sustainable forest management of our own forest.
- ❖ To manage the external impact of noise according to the conditions of environmental authorization.

And to continuously work on:

- ❖ Promoting a responsible consumption of resources and of the renewable energy sources, looking for synergies with providers and service companies.
- ❖ Encouraging Zero Waste and promoting circular economy by means of the valuation of the generated waste.
- ❖ Boosting communication and staff training in order to promote responsible behaviour.
- ❖ Promoting awareness raising actions with stakeholders, especially along the supply chain and spectators at certified competitions, in order to jointly add sustainability values.

This Sustainability Policy and the achievement of the established goals herein will be reviewed periodically.

We ask for everyone's collaboration to be successful in this commitment to sustainability.
