DEL 2 AL 4 DE JULIOL 2021

Dear teams: V2 MOTORSPORT informs you about the range of **DUNLOP** tires available, to supply the Endurance race that continues to be a national reference, "24Hores de Catalunya".

For this 2021 edition, we have the following models and compounds to be used:

FRONT 120/70R17 KR106	REAR 200/70R17 KR108				
MS4	MS0	MS1	MS2	MS3	VAL13
HARD	SOFT	MEDIUM/SOFT	MEDIUM	MEDIUM/HARD	HARD

For the participants in this edition, V2 MOTORSPORT has prepared the following offer:

SIZE/PATTERN	PRICE
FRONT 120/70R17 KR106	150€ + TAXES *
REAR 200/70R17 KR108	210€ + TAXES *

* Teams whose business name has their address outside of spanish territory and have an intra-community CIF / NIF, may be exempt from VAT, provided that the tires are sent to their country, assuming the shipping costs (shipping to France will have a fixed cost of € 250).

Below, you will be able to see some tables in which the approximate durability of the **KRs** is indicated, in the different compounds, taking into account the time per lap, and the asphalt conditions of previous editions.
